Store Policies, FAQ & Product Information

About Velvora:

Velvora is an online outdoor and winter sports retailer specializing in snowboards, ski accessories, and cold-weather gear. We are based in Snow City and ship to customers across the United States, with select international shipping available.

1. Shipping Policy

Processing Time

Orders are processed within 1-2 business days of being placed. Orders placed on weekends or holidays are processed the next business day.

Shipping Methods & Timeframes

- Standard Shipping: 5-7 business days — \$6.99 (free on orders over \$75)
- Expedited Shipping: 2-3 business days — \$14.99
- Overnight Shipping: 1 business day — \$29.99 (order must be placed before 12pm EST)

International Shipping

We currently ship to Canada, the United Kingdom, and the European Union. International orders typically arrive within 10-15 business days. Customers are responsible for any customs duties or import taxes charged by their country.

Order Tracking

Once your order ships, you'll receive a confirmation email with a tracking number. You can also ask our support assistant for real-time order status at any time.

Delayed or Lost Packages

If your package hasn't arrived within the expected window, contact support with your order number. We will investigate with the carrier and, if the package is confirmed lost, issue a replacement or refund at no extra cost.

2. Return & Refund Policy

Standard Return Window

Items may be returned within 30 days of delivery for a full refund, provided they are unused, in original packaging, and include all tags.

Non-Returnable Items

- Gift cards
- Items marked "Final Sale"
- Used or visibly worn equipment (for safety and hygiene reasons)

Refund Processing

Approved refunds are issued to the original payment method within 5-7 business days of approval. Shipping costs are non-refundable unless the item arrived damaged, defective, or incorrect.

Automatic vs. Manual Refund Review

Refund requests are automatically approved when the order is within our standard return window and under our auto-approval amount threshold. Larger or older orders are reviewed manually by our support team to ensure fairness for both the customer and the business — this may take 1-2 business days.

Exchanges

We do not process direct exchanges. Please return the original item for a refund and place a new order for the correct item or size.

Damaged or Defective Items

If your item arrives damaged or defective, contact support within 7 days of delivery with a description of the issue. We will prioritize these cases for expedited replacement or refund.

3. Warranty Policy

Snowboards & Hard Goods

All snowboards carry a 1-year manufacturer warranty against structural defects (delamination, core failure, base cracking under normal use). Warranty does not cover damage from misuse, impact damage, or normal wear such as base scratches from riding.

Bindings & Boots

Bindings and boots carry a 6-month warranty against manufacturing defects such as buckle failure or stitching separation.

Electronics & Accessories

Covered by a 6-month warranty against defects. Battery-related issues after 6 months are not covered.

How to File a Warranty Claim

Contact support with your order number, a description of the issue, and photos if possible. Approved warranty claims result in a repair, replacement, or store credit at Velvora's discretion.

4. Payment & Promotions

Accepted Payment Methods

We accept all major credit and debit cards, as well as popular digital wallets available at checkout.

Discount Codes

Discount codes can be applied at checkout in the designated field. Only one discount code may be used per order, and codes cannot be combined with other promotions unless explicitly stated.

Price Adjustments

If an item you purchased drops in price within 7 days of your order, we will refund the difference — contact support with your order number.

Gift Cards

Velvora gift cards never expire and can be used toward any purchase. Gift cards cannot be redeemed for cash and cannot be used to purchase additional gift cards.

5. Sizing & Fit Guide

Snowboard Sizing

Snowboard length is generally chosen based on rider height and weight. As a general guide: the board should reach somewhere between your chin and nose when stood on end. Riders prioritizing park/freestyle riding often prefer a slightly shorter board; riders prioritizing powder or speed often prefer a slightly longer board.

Boot Sizing

We recommend ordering true to your regular shoe size for most boot models. If you are between sizes, we generally recommend sizing down for a more responsive fit, since boots pack out slightly with use.

Outerwear Sizing

Our jackets and pants are designed with room for mid-layers. If you plan to wear heavy base layers underneath, consider sizing up.
